**AUTOMOBILE RACES**

Machines Not to Govern Themselves on the Road

**CHAIRMAN HOWER TO LEAD**

The Contending Cars to be Numbered and to Maintain the Order in Which They Started Except in Case of a Breakdown.

CHICAGO, July 15.—Except for filling their gasoline tanks, which were emptied at the first regiment armory to comply with Chicago insurance regulations, the tourists in the Glidden Power trophy contests had everything ready last night for the start on their 1200 mile run to New York.

Today the long line of automobiles will start for South Bend, Ind., by the same route as the one by which they came to Chicago on Friday. The conditions however, under which the run is to be made will be radically different from those which governed the trip to Chicago.

At a conference of the American Automobile Association and those who are in charge of the tour, it was decided in view of the experience of the first three days of the run, that the contesting machines should not be left to govern themselves on the road according to their own caprices, as they have been thus far. During the remainder of the tour, Chairman Frank B. Hower of the executive committee, will start at the beginning of each day's run half hour ahead of the first contestant and act as pacemaker throughout the day. The pacemaker will set a pace which, in his judgement, all the cars in the line can follow and will aim to reach the destination for the day half an hour ahead of the schedule to allow for possible breakdowns and delays. Each car will be given a card on which a number is painted, the numbers being in rotation and representing the cars place in the line. The contesting cars will then be expected to maintain the order in which they started, except in the event of breakdowns or evident soldiering on the part of some one.

Six and a quarter hours, the same time allowance as on Friday, will be the schedule for today's run. From Chicago to New York will be continuous running except for a stop over on Sunday at Bedford Springs, Pa.

**As to Liberty.**  
Liberty was first introduced into this country with a shipload of tea. Since then it has been seen occasionally in odd places.

Liberty has no permanent place of residence, but boards out. At present it is staying with friends just outside of Washington.

Liberty is a great traveler. It has visited in time New York, Boston, Philadelphia and all the other large centers. Having been introduced to the municipal government, met the leading politicians and visited the principal places of amusement, it has then left town.

Liberty is the one thing that every body believes in, but no one has ever seen. Traces of it are occasionally found in public documents, but rudely and unintelligently speaking it is elusive to the general.

It is popularly supposed that some day Liberty will be in full charge of everything. When this day will be no one but Liberty knows.

In the meantime give us liberty or give us life in a republic.—Puck.

**G.B. Burhans testifies After Four Years.**

G. B. Burhans, of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble."  
T. F. Laurin, Owl Drug Store.

**Where He Worshipped.**

As the new minister of the village was on his way to evening service he met a rising young man of the place whom he was anxious to have become an active member of the church. "Good evening, my young friend," he said solemnly. "Do you ever attend a place of worship?" "Yes, indeed, sir, regularly every Sunday night," replied the young fellow, with a smile. "I'm on my way to see her now."—Ladies' Home Journal.

**The Charming Woman**  
is not necessarily one of perfect form and features. Many a plain woman who could never serve as an artist's model, possesses those rare qualities that all the world admires: neatness, clear eyes, clear smooth skin and that sprightliness of step and action that accompany good health. A physically weak woman is never attractive, not even to herself. Electric Bitters restore weak women, give strong nerves, bright eyes, smooth, velvety skin, beautiful complexion. Guaranteed at Charles Rogers, druggist, 50c.
